

Millers

Welcome to Fall!

As the leaves begin to change and a crispness fills the air, we want to extend a warm welcome to fall and express our gratitude for allowing us to be a part of your home comfort journey.

Being a local company, we understand the challenges of competing with large utilities. In our continuous effort to provide you with the best service possible, a secure supply of heating oil, and access to the latest in high-efficiency Heating and Air Conditioning products, we are thrilled to announce that we have combined our efforts with Miller Oil Company. We have had the pleasure of knowing and competing against the team at Miller Oil for years, and their outstanding reputation in our community speaks for itself.

Our decision to join forces with Miller Oil allows us to enhance our efficiency in deliveries and leverage greater purchasing power with major fuel companies and HVAC suppliers. The result is that we can offer you the highest quality products and exceptional customer service, ensuring that your comfort and satisfaction remain our top priorities.

Rest assured, we are committed to staying "local" and maintaining the high standards of service you've come to expect over the years. The dedicated team at Miller Oil shares our commitment to your satisfaction and is dedicated to serving you in the same manner you've grown accustomed to.

As we welcome fall, we want you to know that we will continue to be here whenever you need us, ready to provide the quality service and products you deserve. We look forward to many more years of keeping your home warm and comfortable.

Thank you for entrusting us with your home comfort needs. Here's to a warm and cozy fall season ahead.

Warm regards,

Nancy Allen, CEO
E.T. Lawson & Sons
